

Farmers Electric Cooperative, Inc.

A Touchstone Energy® Cooperative 

FARMERS ELECTRIC COOPERATIVE, INC.

GREENFIELD, IOWA

Alternate Energy Purchase Program Sign-Up

Farmers Electric Cooperative, Inc. offers a green pricing program to members within any of our rate classifications. This program allows individual members the ability to voluntarily contribute to a fund. All the money collected from members will be used for the development of alternate energy production facilities in Iowa. Alternate energy production facilities may include wind energy, biomass, solar and other nontraditional generation technologies.

Through this program, members will not be directly purchasing alternate energy, but rather participating in the development of these resources. Contributions may be retained until they reach a sufficient level to pursue a particular development, make a grant to another entity pursuing alternate energy development in Iowa, or arrange for purchases from alternate energy production facilities.

**YES, I WANT TO CONTRIBUTE TO THE
ALTERNATE ENERGY PURCHASE PROGRAM**
